ABOUT ME

I offer solutions with great development experience. I am passionate about being at the forefront of technologies that generate me great interest. I am an ambitious, adventurous and motivated person.

WORK EXPERIENCE

Frontend Developer

Sectorea [03/2023 – Current]

City: Madrid | **Country:** Spain

Development focused on an application to visualize in detail the different items of a large company in the textile design industry ensuring the speed and scalability of it.

Current achievements:
- Transmitted and applied all my knowledge of TypeScript, unit testing and architecture so that they can take the best possible development of the application.
- I recommended certain libraries that helped the application to have more development experience and robustness.
- Thanks to the recommendation of how to apply a flow in the application we saved loading screens and redundant calls.

Frontend Developer

Centauro Rent a Car S.l. [09/2022 – 03/2023]

City: Benidorm | **Country:** Spain

I was working in two internal applications of the company developed in react: a cms to create notifications and a general management application used by the different departments.

During the time I was in the company:
- Learned to develop pages and components using TDD testing the full functionality of them.
- Managed to develop an Excel-like table without using external libraries.
- Improved the robustness of the applications by improving their typing, with different assertion methods and mappings.
- Improved the development experience in the applications with small details.

Frontend Developer

Lynx View [04/2021 – 09/2022]

City: Alicante | **Country:** Spain

Being a consultancy I was able to work on a multitude of projects either in enterprise management and IoT projects. I was focused on react with TypeScript, but I also touched different technologies like Vue, Angular, Laravel and Symfony.

Tasks performed:
- Development of reusable components.
- HTML, CSS, and JavaScript development.

- Making the UX/UI design a reality.
- Ensuring the accessibility of the web.

EDUCATION AND TRAINING

Cross-platform application development
IES Pere Maria Orts [09/08/2018 – 10/05/2020]

Address: 03502 Benidorm (Spain)

Web application development
IES Pere Maria Orts [09/08/2020 – 10/05/2021]

City: Benidorm | **Country:** Spain
